

Curriculum

At **Bridges Kinder Connection** we provide a wide variety of fun learning opportunities throughout the day. Our program is based on **Emergent Curriculum** and implementing the principles of **ELF (Early Learning For Every Child Today)**. We also incorporate kindergarten readiness into our curriculum. Bus services are available for your children to school.

We provide healthy meals and snacks, our menus are planned by a nutritionist and prepared on our premises by a certified cook. For your convenience, the current and upcoming menus are posted on our parent board. All the meals served at **Bridges Kinder Connection** meet **The Canadian Food Guide** and follow the **Childcare Early Years Act** guidelines.

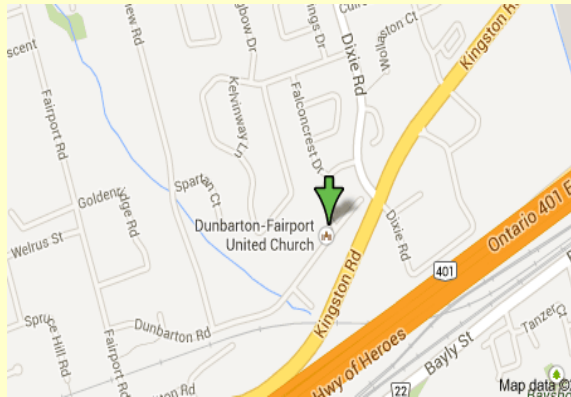

Licensing

Bridges Kinder Connection Daycare operates under an approved license by the **Ministry of Education and Children's Services**. We are inspected on a regular basis by **Public Health** and **Durham Fire Department**.

Our Philosophy of Care

Daycare is often the first independent connection made by a child to the world outside. We strive to provide an environment that is an extension of the home; a loving, secure, and happy environment. **Bridges Kinder Connection** provides a variety of well-planned programs designed to meet your child's physical, social, intellectual and emotional needs.

About us

Bridges Kinder Connection Daycare has been operating for over 30 years and is the only one of its kind, we are a family owned and operated establishment. Bridges is a household name and a pillar in our community. The owners have extensive experience working in the field of ECE for over 20 years. Originally the program was exclusively a Nursery School located at 1089 Dunbarton Road, but in 1985 **Bridges Kinder Connection** expanded into a full day program and opened across the street in the **Dunbarton-Fairport United Church**.

All groups of children at our center have one or more **Registered Early Childhood Educator** as well as an experienced assistant. Our staff are well trained and have been with Bridges for many years.

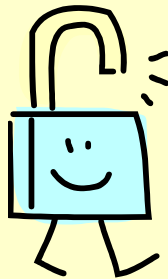

A Special Note

At **Bridges Kinder Connection** we encourage daily communication between parents and teachers. Reports are provided about your child's activities and progression throughout the day. We also publish a newsletter regularly to keep all parents informed and up to date.

Security

Have peace of mind knowing that your children are protected with our security system.
